

Decision Mojo™ Sprints

From our thought leaders at Ten Thousand Feet, LLC

High-value, quick bursts of learning for making timely, strategic decisions

Implementation and Customization

Specific elements within the simulation are customized to reflect a prototypical customer's reality. Risk factors typical to the customer's world are introduced into the simulation experience.

Class size

The optimum class size is 24-30 participants. The program requires one trained facilitator per each group of 12-30 participants.
